U.S. SWINDLED IN CUSTOMS SERVICE

Smuggling Ring Uncovered by Collector Davis—Involves Employees and Others

WARRANTS FOR CUSTOMS GUARDS ARE SWORN OUT

Operations Have Continued for Years on Pacific Coast With Enormous Profits

SAN FRANCISCO, Aug. 30.—Collector of Customs D. O. Davis has announced that a smuggling ring involving the employees of the customs service and many outsiders, has been uncovered, and that many arrests have been ordered. Warrants have been issued for twelve customs employees.

Opium and other contraband goods were the most extensively smuggled by those engaged in the organized traffic. The revelations are expected to include a swindle of huge proportions.

The customs guards against whom warrants have been sworn out are Manuel Joseph, C. G. Reay, Walter B. Brennan, John McGeough, Peter W. Craigie, James J. Brelan, J. B. Halk, W. B. Vargas, and Elmer J. Gallagher. The men were suspended.

It is alleged the operations of the smuggling ring have continued for years on the Pacific coast with the connivance of the customs guards. Evidence to this effect is reported to be in the hands of Collector Davis. It is also reported that Davis has confessions that he claims are sufficient to convict.

Davis said that the ring had agents in China and other coast ports, and that the profits amounted already to hundreds of thousands. He asserts that men on whom the government relied carried the contraband ashore to deliver it to other agents of the ring there. The officers reported that they had been working on the case for several weeks, and that the case is now ready for presentation. Many other warrants for persons outside of the government service have been reported as issued. Davis today said:

"This is a perfect case, and we have perfect evidence against the men who have systematically been smuggling. It is a highly organized ring. We will secure convictions in every case, and will clear the government service of crooks."

Other sensational developments are certain to follow, Davis declared. Davis stated this afternoon that he has three confessions. He says the "higher ups" in the ring had taken oaths to kill any betraying them. Federal Commissioner Krull is preparing to hear the charges.

HIGH CHANCELLOR HALDANE TALKS

Favors Woman Suffrage; Pessimistic as to Peace; Gives Opinions Freely to Press

NEW YORK, Aug. 30.—Viscount Haldane, the first Lord High Chancellor of Great Britain to leave his country since Cardinal Wolsey went to France 400 years ago, arrived here yesterday on the steamship Lusitania, for a flying visit of five days in this country and Canada.

Lord Haldane freely discussed many questions with newspaper men during the day, declared that he was in favor of woman suffrage, prophesied that a millennium of peace was far off, said the relations between Germany and England were never more cordial, praised the intellectual growth of the United States, and predicted that home rule for Ireland would soon be an accomplished fact.

LAWYERS TO FRAME TWO COMPENSATION ACTS

MONTREAL, Que., Aug. 30.—The commission on uniform state laws of the American Bar Association has decided to frame two acts dealing with uniform workmen's compensation, one compulsory and the other elective for the twenty or more states of the United States which have not yet enacted such legislation. H. R. Bailey of Massachusetts outlined the scope of the proposed uniform law under which he set forth that industrial accident boards would be created to deal with cases under the com-

LOWER ROAD IS 13,000 TONS IS OUT OF THE RUNNING ESTIMATE OF CROP

State Highway Commission Declines to Make Another Change in Route

A CHANGE WOULD BE INEXPEDIENT

Letter Received Today Puts an End to Hopes of Lower Road Adherents

There is no further question about it. The State Highway Commission will not make another change in the state highway route through La Habra Valley. The upper road is the one that the state will improve.

This is the information brought to the courthouse today in a letter received by County Clerk Williams from W. R. Ellis, secretary of the State Highway Commission.

The letter follows:

"Sacramento, Cal., Aug. 28, 1913. 'Dear Sir:—The secretary is instructed by the California Highway Commission to inform your honorable Board of Supervisors that this commission finds it inexpedient to grant their request that the state highway be routed via the so-called 'lower route' through the La Habra Valley."

"As you are aware, the commission originally selected the lower road upon the recommendation of your honorable board, and thereafter at the instance of your board, the commission changed the location to the upper road.

"The plans of the commission to permanently locate the state highway along said upper road have now progressed so far that the commission deems it inadvisable to make another change as to this particular portion of the state highway.

"The commission regrets that it cannot see its way clear to grant your request and assures you of its readiness to co-operate with your honorable board in all possible ways in promoting the development of the good roads system in Orange County.

"Very respectfully, 'W. R. ELLIS, Sec'y."

The controversy concerning the route through La Habra is of long standing, and has had a course both varied and unusual. When the bonds for the county highway system were voted, it was well understood that the main traveled through road of the county would be improved by the state. The La Habrans and everybody else understood that. That is the route that goes by the La Habra schoolhouse. That road was recommended by the Board of Supervisors.

Later a delegation from La Habra stated to the board that La Habra wanted the road a half-mile to the north improved, and that La Habra else understood that the lower road including an extension to Brea. The board then recommended the change to the upper route.

After that came a revelation. La Habra was almost unanimously opposed to the change. The committee represented almost no one but itself. The supervisors then tried to get the change back to the lower route. The attempt came too late, for the engineering department had made its report to the commission. The supervisors asked that the change be made so that money on right-of-way could be saved.

MANHATTAN BEACH IS SPRUCING UP

Street Improvements to Total \$400,000—Sea Wall Planned, Also New Schoolhouse

MANHATTAN BEACH, Aug. 30.—The contract for the paving of Highland avenue at this beach, was let yesterday to the S. C. Contracting Company of Santa Monica. The improvement calls for an expenditure of \$84,454.66. Other street improvements will follow immediately, the whole involving an expense of \$400,000.

Arrangements are about completed for the erection of a fifteen-foot concrete sea wall which will run the entire length of the beach. Bids have been received for the new school house, which will be erected next autumn at a cost of \$25,000.

LINCOLN, Neb., Aug. 30.—Edward Thornburg, a small boy aged five years, found a small nitro-glycerine torpedo in a sand pile. The youngster bit into it, believing it to be candy. His face was fearfully mutilated in the explosion that followed his action. It is believed the boy will die.

Directors of Walnut Association Received Preliminary Reports Yesterday

FORTY PER CENT OF CROP IS HERE

Orange County Representatives Stated Output of County Over Last Year

According to estimates made by the directors of the Southern California Walnut Growers' Association yesterday, the state output of walnuts this year will be 13,000 tons. The directors are of the opinion that the crop will turn out heavier than last year.

The eleven directors of the association met in Los Angeles. M. Niserson of Santa Ana and R. M. Hargrave of Orange were among the directors on hand with reports. The Orange County men stated that they believe that Orange County will have a better crop this year than last year. Orange County produces forty per cent of the walnuts produced in California.

It is a well known fact that the prospects for good prices this year are exceedingly favorable, since there is no hold-over crop in the state. However, the directors yesterday did not take the matter of price up. Reports from foreign countries are to be received before the price is discussed on October 1. Closer estimates of the California crop will be reported at that time also.

The Orange News says: "There are less walnuts in storage in California today than there has been in ten years," declared R. M. Hargrave, president of the Richland Walnut Association, yesterday in discussing the walnut situation.

Such was the scarcity of walnuts in the city of Los Angeles, itself actually in the walnut belt, that three cars of French walnuts were shipped into that city this summer. The shortage was due to the fact that last year's crop was cleaned up so that practically nothing was left and a quarter of the previous year's crop, which had been held over, was also taken.

Mr. Hargrave, although he makes no prediction, admits that he expects the walnut association to establish a good price this year. Last year it was 14 cents, and the year before it was 15 cents per pound.

Efforts of the association men are now being directed toward securing an accurate estimate of the amount of the association's crop, so that a sound basis for fixing the price may be had.

Mr. Hargrave states that the local association will receive growers who wish to join until September 20th. About that date the packing house will be prepared for the season's run.

Get Order for Habeas Corpus Writ for Thaw—Harry's Lawyers Worried

SHERBROOKE, Ont., Aug. 30.—On application of Chief of Police Boudreau, Judge Hutchinson today issued a habeas corpus writ requiring the production of Harry K. Thaw in court on Tuesday to show why he should not be released. The New York attorneys, attempting to take advantage of the Canadian law permitting anyone to ask for a writ of habeas corpus for a prisoner, hoped to secure Thaw's release today, then rush him to Coaticook to be quickly summoned before the immigration court, deported and then rearrest him on the American side of the border. They were greatly disappointed by the fact that the order was made returnable on Tuesday. Thaw's attorneys are admittedly worried.

Thaw's attorneys charge that Chief of Police Boudreau, who obtained the writ, aided the New York attorneys because he was promised the sum of \$500. They are very bitter, and threaten action.

ANDERSON WINS CORONA ROAD RACE BIG ELGIN RACE RACE RIGHT TO FRONT

Mulford Second—Winners of De Palma and Wishart Wire Entry in Free-for-all Event

ELGIN, Ill., Aug. 30.—Anderson in a Stutz wins, and Mulford in a Mason takes second place in the Elgin trophy road race. Mulford was regarded as a possible winner in yesterday's events, in which De Palma and Dawson were first and second.

ELGIN, Ill., Aug. 30.—Ralph De Palma and Joe Dawson, first and second winners of the Chicago Automobile Club race yesterday, were favorites in today's 500-mile international auto sweepstakes race for the Elgin trophy. The roughness of the course, increased by yesterday's race, made speeding a torture. Accidents were feared when the big race started at 11 o'clock.

ELGIN, Ill., Aug. 30.—Ralph De Palma, piloting the famous Peugeot No. 16, in which the Frenchman, Jules Goux, drove to victory in the 500-mile international sweepstakes event at Indianapolis on Memorial Day, was a big favorite over a field of noted drivers who swept over the starting line at 11 a. m. today in the big event of the Elgin road race meeting—the race for the coveted Elgin national trophy.

Today's crowd, fully 50 per cent larger than that which witnessed the Chicago Automobile Club trophy race yesterday, broke into wild applause when De Palma piloted his "mount" down the course in front of the grandstand an hour before the starting bomb was set off.

De Palma's boast that he would "set a new record for the course or break something" brought him a large measure of applause.

Multitudes experienced difficulty today in handling the immense throng of spectators who began pouring into Elgin before daybreak by train, automobile and horse-drawn vehicles from Chicago and from a score of Middle Western cities and towns. Parking facilities for the vehicles were barely sufficient and hundreds of automobiles and carriages had to be banked far back in the fields surrounding the course, while their occupants sought vantage points on foot. When the first of a series of bombs were set off at 10:30, warning that the course must be cleared, crowds of late arrivals still were seeking places along the track and officials had a hard time drawing the police lines.

Mulford was considered a dangerous competitor for the honor place in today's classic by reason of his knowledge of almost every inch of the course.

RELPH DE PALMA FIRST IN YESTERDAY'S RACE—DAWSON WAS SECOND

ELGIN, Ill., Aug. 30.—Ralph De Palma won the Chicago Automobile Club trophy race yesterday. His time for the 391 miles was 4:31:56, averaging 66.8 miles an hour.

Joe Dawson, driving the Delta, was second, being seven minutes and fifty seconds behind De Palma. His average was 65.2 miles an hour. Bill Candler, in the Mason, was awarded third place at the completion of his thirty-first lap, when the officials found it necessary to stop competition because spectators overran the soldiers and filled the track, making further racing dangerous.

Felix Diaz Announces Candidacy for Presidency—Americans Leaving Mexico

WASHINGTON, Aug. 30.—Another deadlock has developed in the Mexican situation owing to jockeyings by both powers. The pivotal point is who shall institute the resumption of diplomatic exchange. President Wilson has gone to the summer capital at Cornish, New Hampshire. Secretary Tamulley leaves today for his summer home at Avon, N. H., and Secretary of State Bryan starts simultaneously for a Chautauqua tour of Maryland. President Wilson, however, is reported to be ready to return at a moment's notice.

The situation remains unchanged tonight, each side apparently awaiting the other to make the first advances.

HUERTA SAYS U. S. WARNING TO AMERICANS NOT NEEDED

MEXICO CITY, Aug. 30.—Only a few Americans have as yet left Mexico despite President Wilson's message, although many have inquired at the embassy regarding passage to America. Huerta has issued an interview saying that President Wilson's warning is unnecessary. He said: "I leave this matter to the judgment of the Americans now here, who are the best witnesses. Our determination to safeguard the lives of all foreigners has been so plainly expressed that there can be no misunderstanding."

The newspapers are praising Minister Gamboa lavishly, asserting that his and Huerta's "diplomatic victory" over Lind assures Huerta's election to the presidency. They say that Huerta's opposition to the American plan has given him the support of all loyal Mexicans.

FELIX DIAZ IS CANDIDATE FOR PRESIDENCY OF MEXICO

FAINTS AFTER STRIKING MAN

Miss Helen Keech of Santa Ana Much Distressed by Accident Had Dreaded Injuring Anyone; Man Hit by Auto Only Bruised

Los Angeles Times: Every time Helen Keech of Santa Ana, supervisor of music in the public schools of Santa Barbara, read of an accident in which an automobile struck a man, she pledged additional caution in handling her own car. She was so distressed at the idea of hurting anyone in an accident that the possibility spoiled many of the charms of motoring. But, in spite of her caution, she struck a man yesterday, and fainted when she realized what had occurred. At First and Spring streets she was piloting her car through the congestion when she struck Andrew Wickholm, bruising him.

MAN BADLY BURNED IN AN EXPLOSION

Fullerton News: Saturday morning about 4 o'clock an explosion at the Petroleum Oil Company's plant near causing the death of P. P. Whittington, an employee of the company. From what could be learned the safety plug in the boiler blew out which is almost equivalent to the boiler itself exploding—scattering brick, cement and other things lying around the boiler for about 100 feet. Mr. Whittington happened to be in a position to get seriously burned about the face, neck, both arms, part of his back and legs. He was hurried to the office of Dr. Clark, who rendered temporary relief, after which he was taken to the Anaheim Sanitarium, where he is at present doing as well as could be expected considering his condition when taken there.

McDERMOTT SAYS HE HAD NO MONEY FROM LEGISLATORS WASHINGTON, Aug. 30.—Severe cross-examinations failed to shake denial by Representative McDermott of Illinois before the House inquisitorial lobby probers of the charges by Martin Mulhall that he (McDermott) received money from "big business" to vote for legislation against labor. He told the committee that he borrowed money because he was "broke." He insisted his borrowing was not influenced by politics, declaring that he will repay every penny he owes.

Representative Stafford expressed surprise that McDermott permitted himself to lose so large a sum in an aeroplane company.

"That's nothing," said McDermott, "a couple of years ago two congressmen with whose names you are all familiar touched me for \$1500 in a gold mining deal."

CALIFORNIA HORSE RACING MINISTER ROBBED OF \$135

KANKAKEE, Ill., Aug. 30.—Rev. G. W. Bonnell, a Christian minister from Colton, Cal., owner of a string of race horses, one of which, Copa de Oro 2, won the 2:25 trot at Champaign Thursday, was held up and robbed of \$135 as he was alighting from the north-bound fast mail train on the Illinois Central railroad last night. Bonnell was bringing his string of race horses to the Kankakee Interstate Fair and as he was standing on the platform waiting for the train to stop he was rushed by two young men and relieved of his purse containing the money and several notes. The young men remained on the train which proceeded toward Chicago. Railroad officials wired to be on the lookout for them.

CONSTABLE JACKSON HAS COWS TO MILK

Constable C. E. Jackson has a dairy on his hands. If he can't hire a milker, he may conclude that he ought to take the job of squirting white streams into a bucket.

Tuesday Jackson arrested Nick Karales, a Belgian, who has a dairy near Cypress, on a charge of giving a no-fund check. Karales left a man in charge of the ranch, but the man has since gone elsewhere. This morning a neighbor telephoned in, saying that Karales' cows have not been milked, that they are out of feed and are suffering considerably.

Jackson is officer of the Society for the Prevention of Cruelty to Animals. Since Jackson had taken Karales to jail, it was up to him to provide for the thirty-five head of cows. This afternoon Jackson headed for Karales' ranch. Karales has no money, and he is in no position to go forth and borrow. If there was a stock of hay on the place, Jackson might turn the cows loose on it. But there is no hay there.

How to prevent cows from going hungry when there is no hay and no money on hand to buy hay is one of the questions that Jackson's official mind must solve. How to get cows milked regularly when there is no money on hand to pay the milker is another question of importance. Jackson has turned his attention to the problems involved. He hopes to find some kind neighbor of Karales who will take the situation in hand.

Don't Give Up to Headache If your leg goes to sleep, as we express it, you do not sit still and await developments, but you vigorously rub it and stamp your foot to start the blood into action.

When one has a headache it simply means there is congestion or a clot on the brain. To remove congestion requires active, not passive measures. "I had to lay off from work yesterday—I was just completely used up with a headache" is a common complaint one hears. The dark room, the secluded couch, the druggist's tablets and a day lost are the ordinary remedies for curing headache.

The man or woman who wakes up with a headache or later in the day finds one gradually coming on generally succumbs in despair and the day's plans go by the board.

As a matter of fact, all this pampering of headaches is the result of a misunderstanding of the evil. Headaches should not be indulged, but combated. A sure and easy way to bring quick relief to a severe headache is to bend the head backward and forward a number of times, then from side to side with an easy motion. Move it gradually and carefully forward and back until the pain passes away. A brisk walk, a horseback ride, a game of golf or tennis—in fact, anything that starts the blood and produces a natural circulation will be a remedy at hand. The housewife may go busily about her work despite the headache. The stooping and bending in brushing and dusting are the best remedies she could supply.

A stirring conversation, an animated argument or an intense interest awakened in any subject may bring the desired result. Constant dwelling on one line of thought often produces a slight congestion of the brain. In such cases shake up your mental poise by interest in new lines of thought, and the way your headache will disappear will surprise you.

Never give up to a headache, for if you do it will fasten itself upon you and return at regular intervals. Throw it aside by action in some form, either physical or mental, as the case may require, and you will usually find yourself able to conquer it.

MEETINGS WERE BIG SUCCESS

Series Will Close With Gathering at Christian Church

(By Staff Correspondent.) ORANGE, Aug. 30.—After two weeks of the most satisfying success, a series of evangelistic meetings held in unison by the local churches, will be concluded tomorrow evening, at the First Christian church. The meetings opened in the Methodist church two weeks ago, were held there for a few evenings, then for a time in the First Presbyterian church and the last several evenings in the Christian church. The meetings have been marked by splendid sermons and enthusiasm on the part of the big audiences.

Mrs. Mary McCarroll of Fort Collins, Colo., who is spending several months in Southern California, left today for Fresno, after spending three weeks with the J. R. Watson and E. Covington families in South Jameson street. She was accompanied to Los Angeles by Mrs. J. R. Watson and baby, who will spend a few days there before returning.

Mrs. B. R. Douglass and her sister, Mrs. Mary Kirby, of Whittier, spent yesterday at Laguna Beach. Mrs. Kirby is spending a week with relatives here.

Among the Orange people who left yesterday to attend the Southern California district convention of the Fraternal Aid Association at San Diego today, are the following: Mr. and Mrs. D. F. Campbell, Mr. and Mrs. A. Lankford, Mr. and Mrs. C. E. Field, Mr. and Mrs. G. A. Shoemaker, Mrs. Adaline Field, Mrs. L. B. Gitchell, Miss Bessie B. Lea, and E. W. Honey.

Mrs. Mary Chewing of San Diego is expected today for a visit with her cousin, Mrs. Helen V. Arnin, on South Glassell street.

Mrs. M. B. Thompson of 112½ Plaza Square, returned last night from Altadena, where she spent two days with her daughter, Myrtle Thompson, and other relatives.

Mr. and Mrs. R. C. Cillman of Winfield, Kas., visited yesterday at the E. W. Bousinger home on East Chapman avenue.

Mrs. N. S. Raney of West Orange, left this morning for Redondo Beach to spend a few days with relatives, the John Williams family.

Mr. and Mrs. T. H. Elijah and daughter Jane, went to Los Angeles this morning to remain until after the funeral of Mr. Elijah's sister, Mrs. John Cutter, which will be held Monday.

Clyde Ryan is steadily recovering at the Anaheim Sanitarium from the effects of his recent operation for appendicitis.

Dr. A. T. Vance, osteopath, offices 114½ East Fourth St. Sunset 239.

Night School opens September 1 at Orange County Business College.

THE LIGHTING OF SCHOOL ROOMS

International School Hygiene Congress Discusses Topic of Great Importance

BUFFALO, N. Y., Aug. 30.—What is expected to prove the most far reaching meeting ever held for the purpose of spreading the propaganda and teaching the science of school hygiene, came to a close this afternoon after sessions lasting since Monday. Many of the most important discussions scheduled for the Fourth International Congress on School Hygiene had been reserved for this final session.

Sir James Kerr, of the London county council, England, was one of the notable speakers today. Taking for his topic, "The Proper Illumination of the School Room," the titled Englishman denounced school systems which do not include the most up-to-date methods of illuminating school rooms. He declared that the fact that one-third of all public school children have defective vision is due almost solely to improper illumination of school rooms.

"Medical inspection in the schools as a community investment," was the subject discussed by Dr. Ira S. Wile, member of the New York City board of education. "It has been said that there are now in the public schools of the United States 100,000 children who will die of tuberculosis before they are eighteen years old," said Dr. Wile. "If each child has had six years of education the aggregate 'wasted education' would be \$1,000,000. If this sum of money were expended for medical inspection, the tuberculosis death rate alone would be greatly decreased, and it would create large economic saving through the lowered mortality and through decreased impairment of the educational investment by other diseases and death."

"Money estimates of the value of medical inspection are sometimes misleading, therefore it is needless to discuss its statistical ramifications. The relief of human misery; the prevention of contagious diseases; the correction and prevention of physical defects; the lessening of absence and retardation; the decrease in truancy; the lessening of criminality; the increase of industrial efficiency;

"In the way of a utility coat, there is a new garment known as brother's coat, which is distinctly masculine, even to buttoning just as a man's coat does from left to right. A coat of this sort will be very practical with the one-piece dress, which will continue to be worn throughout the season. There is nothing in which smartness and practical use are more happily combined than the one-piece dress. Just the fact that it is easy to get into commends it to the heart of every woman. It may be absolutely simple or exceedingly elaborate. It may be of any material from plainest serge to richest brocade. Long may it stay in style!"

ADDITIONAL TUSTIN ITEMS

Coreopsis Club
The Coreopsis Club held the first meeting after their summer vacation with Mrs. Frank Stearns Wednesday afternoon. There was a very good attendance. New ideas about fancy work were exchanged. Several enjoyable musical numbers by the Misses Stearns contributed to the entertainment of those present. The refreshments of ice-cold fruit drink and ice cream and cake were a delightful feature of the afternoon.

Those in attendance were Mesdames: John Howes, John King, Chas. Lambert, Ed. Smith, C. O. Artz, J. H. Stearns, Jno. Reiser of Tustin, Mrs. Tom McDonald and Mrs. Reed of Santa Ana, Mrs. Cloyd Pettit of Ontario. The next meeting will be held two weeks from Wednesday with Mrs. J. H. Stearns.

Church News
The regular services will be held at the Presbyterian church next Sunday morning and evening. Christian Endeavor at 6:30.

Advent Christian Church
10 a. m., Sunday school; 11 a. m., preaching, subject, "The Body." 7 p. m., social service; 8 p. m., preaching, subject, "The Temple of God." Everybody welcome to all our services. Special attention to strangers and visitors. R. B. Shannon, Pastor.

Aliso Crops
Down in the Aliso district about one-half the beans have already been harvested.

The watermelons are fine and very plentiful. Grandpa Fuller has erected a tent close to the road where his delicious watermelons are for sale to the passers-by.

Two Accidents
Fenlon Matthews in feeding his horse last Tuesday was standing near when the horse threw up his head and gave the young man a severe and painful cut very close to his eye. It will be several days perhaps before it is healed.

Last Wednesday evening little Evelyn Willard was standing on the lawn in front of their home and was sprinkling the flowers when she fell to the pavement and struck her head. The blow was severe enough to render her unconscious and she was picked up by Mr. Decker who was passing. It was not until the next morning that she became perfectly conscious. She is now much better and it is hoped will soon be entirely recovered.

Tustin School Bonds
At a meeting of the Board of County Supervisors held Thursday afternoon regarding the matter of buying the Tustin school bonds, there was a tie between those for and against. The decision was deferred until the meeting to be held next Wednesday with the prospect of securing an outside buyer.

Mr. and Mrs. Hiram Norton and Mr. and Mrs. William Collier motored to Long Beach last Saturday for the Iowa picnic.

Claude Norton has bought the A. D. Taylor place on Newport Road, and will soon take up his permanent residence there.

BADLY INJURED AT SUGAR PLANT

Huntington Beach News: J. C. Lebetter, an employee at the Holly sugar factory here, met with a serious accident Thursday morning while at work there, resulting in a fracture of the right hip, a painful scalp wound and a deep gash on the right arm. He was treated here by Dr. G. A. Shank and later sent to the hospital at Santa Ana where his condition is serious. The accident was caused by Lebetter's losing his balance and falling into a sugar mixer.

PROGRESSIVES CELEBRATE BIRTHDAY

Lusty Year-Old Party Enthuses at Chicago—Famous Speakers Talk

CHICAGO, Aug. 30.—The first birthday of the Progressive party is being held here today and this evening with thousands of Bull Moosers from Illinois and adjacent states, bringing with the same enthusiasm that greeted Colonel Roosevelt's "confession of faith" one year ago today. The Colonel's absence detracted slightly from interest in the gathering but Progressive leaders expected 100,000 to join in the celebration by this evening, when a meeting is to be held in Riverview Park. Miss Jane Addams, James R. Garfield of Ohio, Henry J. Allen of Kansas, and Charles E. Merriam of Chicago are to be the speakers.

A lively discussion of ways and means and a program for 1916 at Progressive headquarters bristled with determination against any proposition to reunite with the Old Guard Republican machine. Speakers unanimously declared that any suggestion of reuniting with the G. O. P. has been put away for all time. Delegations arriving today from Michigan, Wisconsin, Minnesota, Iowa and Indiana were met at the trains and escorted to headquarters by bands. An automobile parade to Riverview Park this afternoon was one of many features on the program. Senator Walter Clyde Jones, of the Illinois state legislature was to preside at a banquet in the park casino preceding the open air meeting.

W. "In these signs we can see that the Chinese can combine the soul of a poet with the pocket of a shopman. Contrast such efforts with 'The Noted Elsie House' of London streets, and one must feel that we are outer barbarians. Carlyle quotes a Chinese signboard, 'No Cheating Here,' but I could not find anything like it in the list. 'Good and Just According to Heaven' ought to satisfy the ideal notions of the author of 'Sartor Resartus.'"

"The Honest Pen Shop of Li" implies that other pen shops are not honest. The "Steel Shop of the Peckmarked Wang" suggests that any peculiarity of a shopman may be used to impress the memory of customers. Snub noses, squint eyes, lame legs, and hump backs might all be used in this way.

A charcoal shop calls itself the "Fountain of Beauty," and a place for the sale of coal indulges in the title of "Heavenly Embroidery." An oil and wine establishment is the "Neighborhood of Chief Beauty," a description the realization of which it is hard to conceive anywhere in Peking. "The Thrice Righteous" one would scarcely expect from an opium shop.

Family Pride
Strolling into a grocer's shop the other day, a little boy asked for half a pound of margarine. He was being served, and the shopman was about to wrap the margarine up in paper, when the lad exclaimed: "Please, sir, my mummy wants to know if yer'll stamp a cow on it, 'eas we're having 'compay.'—London Farm and Home.

Our New Fall Stocks of Suit Fabrics Are Here

We wish to announce to the public in general and our patrons in particular that our stock of cloth for the Fall and Winter season has arrived. We are showing all the newest things in imported and domestic suit fabrics and those interested are invited to call and see our line.

We Are Now Making FALL Suits

Our entire force of tailors are now busy on Fall suits and orders are coming in daily. Now is a good time to make your selection and place your order, as you not only get first choice of the many exclusive single suit patterns, but you enable us to devote more time to the minor details that go to make up a really fine suit. We will give you as many "try-ons" as you want, if you will give us your order now.

We are now in a position to make suits to measure of all-wool fabrics at very low prices

CANNED DRAMA AUTO PULLED OFF SCENE WITHOUT A CAMERA

ORANGE, Aug. 30.—A small automobile truck used by the Pathe moving picture concern, which has a camp in the Santiago canyon, and its driver mixed up with a fence and a ditch yesterday afternoon. Some of the canned drama is realistic enough. Ships are blown up, houses set afire, men thrown from wild horses and women dashed over precipices to make films for the entertainment of the public. Yesterday's scene, however, was not mapped out by the company's director, and there was no camera on hand to take the action. The driver was headed for Orange and was speeding the truck down the long grade the other side of the El Modena grade when he lost control of the machine. The truck tore through a barbed wire fence, ripped off a post or two and came to a stop in a ditch. The driver climbed out and viewed the remains.

"What a realistic scene it would have made," mused he as he footed it to Orange.

NO PAPER MONDAY
Labor Day and the warm weather have conspired together to induce the Register force to desire a day off. Labor Day is a day that ought to be celebrated, for it is meant as a day set apart out of respect to the dignity of labor, and the Register will join the general public in the observance of the day. The Register will not be published next Monday.

THE TENDENCY TOWARD A VEGETABLE DIET

Formerly the avoidance of meat was regarded as a sign of advanced mental eccentricity. The neighbors watched to see if one did not decline in health, and his children were expected to be anemic or defective.

Recent events have greatly increased the number of people who eat little or no meat. Revelations regarding uncleanness in the packing industry made many vegetarians. People of sensitive imagination saw the wholesale heaps of gore every time a juicy joint was brought on the table.

The steadily rising price of all forms of meat tends in the same direction. The partial failure of the corn crop, owing to the recent drought, means higher prices at the butcher's and fewer meat eaters. Elaborate plans are under way for development of beef industries in Australia. But the public views the tender mercies of the trusts and the apparent competition of new industries with suspicion.

There are a growing number of advanced humanitarians who entertain almost Oriental views about animals. To them the beast and the fish have the same right to enjoy life as man. Such people can not, with a clear conscience, add to their own material comfort, by interfering with the rights of a co-ordinate branch of creation.

Meanwhile science does not seem to favor vegetarianism much. The possession of tearing and biting teeth is still considered an indication of a natural adaption to a mixed diet. The races that live wholly on either vegetable or on animal food are not considered by scientists to have the best physical development.

For the average man, then, the growing scarcity of meat seems a calamity of primary importance, to receive the most earnest attention of scientists and legislators, with the consideration of immediate measures to preserve the substantial backbone of the dinner table.

THE USE AND ABUSE OF SLANG

The baseball reporters have a lingua franca of their own, which to them appears the limit of wit, humor and originality. They were much surprised therefore a few days ago when a Chicago paper, having polled its readers, announced that they preferred baseball news written in plain English.

The tendency of the educated world is toward formality of expression. Cultured persons feel safer in the company of decorous words of ancient pedigree and guaranteed associations. The tendency of the every-day world is toward the short cut.

A great many uneducated people often excel cultured persons in a gift for using what might be called "picture words," phrases that suggest in a graphic manner a picture of things seen or heard. These tendencies create a multitude of new expressions, often mere linguistic driftwood. But some of these have real vitality.

The expression "joy-riding" for instance, it not merely conveys the idea of exaggerated speed, but it pictures the exuberance and exhilaration of the speeder. The expression "make good" will become permanent because it is a short cut. Two words do the work of a dozen. In baseball writing, the expression "fanned" is good, because it is a picture word, not merely telling a fact, but drawing a picture of the inept futility of the batter. But when the reporter calls the ball the "pill," he neither has invented a short cut, nor has he found a more expressive phrase. He is merely trying without success to be funny. In the race for originality, he frequently becomes unintelligible.

The baseball public likes a racy and glowing story, but it is tired of words it doesn't understand and of posing.

THE COST OF LIVING IN THE COLLEGES

There exists a comfortable sort of feeling that any wide-awake boy or girl can go through the best colleges. If his parents can't sign the checks,

he can earn his way.

A great many parents who have young folks to go to college this fall do not find the problem so easy. The thing they are up against is suggested in a report just made, giving carefully prepared statistics of student expenses at Williams College. The figures show that the average cost per student in 1887 was \$682, while now it is \$927. It is said that Cornell University average student costs have increased fifty per cent, and many other colleges even more.

A certain student known to the writer takes care of a furnace, visiting it five times a day. He waits on table, and serves as assistant in a library two hours per day. His class room work takes three hours a day. He has to study at night, and averages four hours sleep. He is reported as "hollow-eyed." Such grit is admirable. But these rigors are unwholesome, and threaten a student's health.

Heavy expenses are by no means necessary. The University of Missouri, which has made a study of student costs, has a dining club that cuts board to \$2.40 weekly. Good and attractive food is presented. Anyone can take that course very comfortably on \$300 to \$400.

College eating and dormitory systems are favored by many. A boy of moderate means should be able to take a four years' course in the best colleges in a comfortable way for \$500 a year. There is a great field of popularity for a college in which the faculty shall work positively for more simple living. It would attract men of scholarship who would make their mark in after life, and would draw many promising athletes who would give it immediate prestige.

FALSE BEACONS

Oh, the night lights, the white lights,
That will not let me go,
That glare and flare upon the air
And beckon to me so;
The mad lights, the glad lights,
That bind me to the town,
They're cheering when I'm on the crest
And sneering when I'm down!

The white lights, the bright lights
That blaze against the sky!
The call of them, the thrill of them
When life is running high!
The gay lights, the play lights
Above the surge and press,
They're crowning wealth with radiance
And frowning on distress!

The white lights, the night lights!
How wonderfully they shine,
Upon the jewels and the silks,
The women and the wine!
The bold lights, the cold lights,
The city's magic lure,
They never give me faith or love,
Yet they enslave me sure!
—Berton Braley in Woman's World for September.

DRAMA ABROAD AND AT HOME

By Beau Rialto

NEW YORK, Aug. 29.—That clever stories, even if they are devoid of thrillers and plots to grip the attention of readers, may be made into clever plays has been demonstrated by the instantaneous and phenomenal success of "Potash & Perlmutter," now running at the Cohan Theater. The play is taken from the short stories by Montague Glass, built around the trials and tribulations of Abe Potash and Maurus Perlmutter, manufacturers of cloaks and suits by wholesale, which for several years have been running in various magazines of America. Abe and Maurus have become familiar characters to readers all over the United States, which may account for the fact that while the play opened a week earlier than Broadway usual begins the season and the night was one of the hottest on record, the theater was jammed to capacity at the premier. Seats were quickly sold for as far in advance as ten weeks and the play promises to be the season's biggest success.

Plays like "Potash & Perlmutter" are popular not because of the drama they contain, not especially because of the ability of the men and women in the cast, but because the public knows Abe and Maurus and recognizes them as old friends when they see the advertisements of the play. Few people there are who can read who have not at some time or other laughed at the antics of the two Hebrew partners and their cronies and they want to see them in "real life." Also there is another human quality that perhaps the managers take into consideration, and that is the curiosity of the reader to know how a story can be made over into a play.

These things which characterize the immediate success of "Potash & Perlmutter" were noticeable two seasons ago when "Get-Rich-Quick Wallingford" was dramatized. George Randolph Chester's humorous stories of the fat and jovial business buccaneer, Wallingford, had appeared in weekly and monthly magazines for several years and when the play was heard of, the admiration of the hero of the Chester stories. When people read, week after week, and month after month, the doings of a character created by a clever writer, they come to feel they know the character and when they have an opportunity to see him on the boards, they feel almost like he had "come to life."

Almost every night nowadays sees the premier of some new play. The Broadway season has opened, and though it is early, a lot of the new plays are being tried out. Some have

KANSAS IS NOT BLEEDING

Kansas City (Mo.) Journal: Governor Hodges may be pardoned for giving way to righteous wrath because of the exaggerated accounts of suffering in Kansas published in a number of eastern newspapers. Many of these reports would be highly amusing were it not for the fact, as pointed out by the governor, that if persisted in they will do serious injury to the credit of the state. Telling the plain, simple truth about conditions in Kansas puts an entirely different complexion upon the matter, and this is what Governor Hodges is doing in vigorous language.

Kansas occupies a peculiar position in the eyes of eastern people. In the minds of thousands and thousands of these otherwise intelligent citizens of the nation Kansas is always associated with grasshoppers, cyclones and long periods of drouth. Whenever a bit of wind lifts a barn in Iowa or Arizona the eastern press immediately jumps to the conclusion that it is a "Kansas cyclone," and an unrestrained imagination paints a dreadful picture of wholesale devastation and death. It is the same way with drouth. Kansas has had a serious drouth and there is no attempt to deny it. But one drouth does not mean bankruptcy for the people of Kansas. Far from it. While it is a matter of regret that a season's work upon the farms should be partly wasted, that is about all it amounts to. The people of Kansas are still buying automobiles and taking trips to Europe. They are still opulent beyond the dreams of farmers in most of the eastern states. This year Kansas had a good wheat crop and plenty of alfalfa, and some corn will be raised. But when Kansas does not break records, something is "the matter." Kansas farmers are so in the habit of raising bumper crops and counting their profits in high percentages that a temporary setback is a little discouraging.

It should be kept in mind that Kansas can have a "poor season" and still raise more wheat and corn, oats and alfalfa, potatoes and apples than half a dozen Atlantic coast states. If Kansas doesn't market a hundred million wheat crop it is a "failure." But if Kansas had not set the standard so high nobody would think anything about it. In these states where meagre crops are the rule and where farmers raise barely enough in a year to carry them over to the next, a crop failure is a calamity. But Kansas has accumulated a heavy surplus of wealth and it would take a series of bad years to bring her people to the verge of want.

"The Only Way Out"

There seems to be a prevailing idea among the people, and some men of influence seem to hold to and entertain the same, that machinery—labor-saving machinery—is the cause of our industrial troubles, and they offer some pretty drastic measures as remedies. And if these ideas and teachings are not met with rightly, there is reason to believe the right thing will not be done in time. From press and pulpit, people as a rule are made to believe that "individuals," such as our large capitalists, are responsible for conditions as they are today—individuals with the aid of labor-saving machines. And some have gone so far already as to suggest that to remedy the conditions we will have to get rid of the machines.

Just think a moment of what that means! Then here is the remedy of the Socialist. We say that these labor-saving machines are all right, but labor does not get the benefits of them. That to the owners of the machine always go the benefits. Then, rather than put the machine aside, let us all own it together. Will the people be kept in ignorance of this and meet the fate that history ascribes to China? or will you teach them co-operation, which is Socialism—the only "way out" of this industrial profit chaos.

The Editor "Santa Ana Register":
Dear Sir:—During the few months I have been a householder here, I have seen this town's marvelous growth in every direction. What with the beet industry, packing plants, orchards, etc., I can easily imagine that there will be 50,000 people resident here in the near future.

Your magnificent high school, or rather polytechnic, a credit to any city or state; your municipal buildings; your beautiful "Register" building; your well-lighted streets, beautifully paved and graded; and your ideal climate, all combine to make this a magnet for those in less favored places.

Having all these blessings, I think it would be a splendid idea to see that all corrals, stables, etc., be kept in a thoroughly sanitary condition, which I regret to notice is not the case at present.

Yours respectfully,
D. M. McChesney.

Wants Plain Facts

Mr. Editor:—To me it is self-evident that a God is the being of power, wisdom and love—the priests say He is; and if His children, or creatures' eternal welfare depend on following certain instructions of His, He would certainly see to it that every one had a copy of those instructions, written in UNMISTAKABLE terms.

As I said in my previous article: We should remember that the mass of mankind never heard of our Bible, and we ourselves know very little as to who were the writers of it.

Yours for FACTS—not hearsay,
D. EDSON SMITH.

STAND THE GAFF

The Iron must enter your soul, my lad—
Stand the gaff;
The hour will come when your ears will smart,
When your cheeks will burn and the tears will start—
Let 'em laugh;
For the testing of manhood's a cruel thing,
And the lash of suspicion is heavy with sting,
And slander and gossip are waiting to fling
Their mud at the beat of ambition's strong wing.
Injustice has always stood ready with lies,
She's ahead on the heights and expecting your rise;
You must pay for your progress, for there's no success
Where the wolf-pack of envy does not yelp and press.
You must pay for your courage, you can't dare the stars
And escape without anguish and bruises and scars.
The cheat and the coward are trailing your track,
The sneak lurks behind you to stab in the back.
Keep honor, no matter how heavy the cost,
Keep honor, nothing that counts can be lost.
When the choice lies before you to be or seem right,
Then to H— with appearances—stand up and fight.

AT THE ENGLISH HOME

Two Events During Week Gave Pleasure to Entertainers and Entertained

Mr. and Mrs. John English entertained Sunday with a good old-fashioned country dinner. Covers were laid for sixteen.

Those present beside the host and hostess were Dr. and Mrs. Boege of Anaheim, Mr. and Mrs. Fred English and Mr. and Mrs. Neil Jacobsen and family of Orange.

On Thursday afternoon eleven little friends of Gerald English gathered at his home to celebrate his eighth birthday.

Dainty refreshments were served during the afternoon under a shady locust tree. A very enjoyable feature of the afternoon was a ride for each little guest on Gerald's pony, a gift from his parents. Those present were Gerald, Clement, Thelma Clark, Rudolph Jacobsen, Evelyn and Billy Smith, Tommy and Anna Moise, George and Delmar Reynolds, Harold and Alda English.

Pretty Home Wedding
At the residence of the bride's father, W. J. Morris, on West Chestnut street, a pretty home wedding took place last evening in which the principals were Miss Gertrude Morris and John Gardner. The ceremony took place at 5:30 o'clock, the officiating clergyman being an uncle of the bride, Rev. P. M. Squires, an ordained minister of the Rescue Mission Association of America. The ring ritual was used and the young people were unattended. The bride was prettily gowned in a sheer dress of pale blue and white and presented an attractive appearance.

After the ceremony an elaborate supper was served at 6 o'clock, giving ample time for congratulations and inspection of the pretty wedding gifts before Mr. and Mrs. Gardner left on the 7:40 electric car for Los Angeles, from which place the young couple will visit the various beaches during a brief wedding trip. On their return, Mr. and Mrs. Gardner will take up their residence on Chestnut street. For the wedding journey the young bride was gowned in seal brown with traveling hat and other accessories of the same color.

Both of the principals have many acquaintances in Santa Ana, where they have resided for the past four years. The bride has been employed with the Santa Ana Steam Laundry, where she won the esteem of employers and associates. Good wishes will attend the future of the young couple who pledged their marital vows last evening.

Farwell Surprise Party
The May home at 517 East Seventeenth street was the scene of a merry party of young people last night, the occasion being a surprise on Orville Peer, who leaves soon for the East. The members of the Hustlers' class of the Immanuel Baptist Sunday school, a boys' class, of which Orville is a member, had invited the Philaena girls to join them in the surprise, and together the two classes, with their teachers, went to the home of Carl May, where the guest of honor had been invited to spend the evening.

The young man was exceedingly surprised and greatly delighted at the arrival of the classes. The time was spent in jolly games, after which refreshments of watermelon, fruit and wafers were served. Later the young people departed, wishing the honoree a pleasant journey to the East.

For House Guest
Miss Lella B. Rittner informally entertained a number of young ladies last evening in honor of her guest, Mrs. Floyd Gehrett, of Highland Park, a young lady of charming musical ability.

The evening was passed in music, interspersed with merry conversation, several of the guests rendering impromptu vocal and instrumental selections. Misses Hazel Rowley, Nellie Bacon and the hostess very sweetly sang several beautiful vocal selections, and Misses Nancy Elder and Lera State charmingly rendered on the piano. Mrs. Gehrett, who possesses a very beautiful Soprano voice, then delighted the company with a number of very pretty vocal selections.

Refreshments of ice cream and cake were served and the guests departed hoping that many more such pleasant evenings may occur in the near future.

CLEVER GIRL MADE USE OF HEADBOARD AS CLOTHES CLOSET

A girl who rented a small room with no closet asked the landlady if she might use the back of the high headboard of the bed, which cut off one corner of the room, as a closet. When consent was given she bought two dozen large gilt hooks and put two rows neatly across the back of the headboard. Above these, at each side of the bed, she screwed in a bracket to hold a curtain rod and on this hung pink chamber curtains with a wide run at the top, so they could be easily slipped to one side. At the bottom of the headboard she put hooks on which to hang her shoe bag. Her dresses and skirts were hung neatly on the hooks, and the curtains pulled over them. Then the bed, which rolled easily on casters, was pushed back into place, cornerwise and the room was in order.

A TREAT FOR ORPHANS

Happy Entertainment Planned for Young Proteges of Masonic Order

E. B. Spencer, superintendent of the Masonic Orphans' Home, located at San Gabriel, is at Collins Island, Newport Bay, with fifty-five of his Masonic proteges ranging in age from two and a half to fourteen years. The youngsters are being given a happy outing of several weeks in the beautiful Balboa section, and are having a glorious time.

Last night Mr. Spencer came up from the beach and was the guest of the local Masonic lodges. After completing arrangements for a pleasant entertainment for the children by local Masons and the ladies of the Eastern Star, he was driven back to the island camp.

According to present plans the reception for the children will take place next Tuesday afternoon. The youngsters will leave Balboa at 2 o'clock on the electric cars and will stop at the Southern California sugar factory, where they will be taken over the plant. Later they will be taken on an automobile ride over Santa Ana, then to the Masonic Temple, where a committee of Eastern Star ladies, headed by Mrs. George Balderston, will have an appetizing supper ready for them at 6 o'clock.

After the children have had all the good things to eat that the Eastern Star ladies will have supplied them with, adjournment will be made to the Masonic assembly hall, where the young guests of the evening will give an entertainment for their hosts and hostesses under the direction of their superintendent. They will return to Balboa at 8:45 o'clock, after which it is hoped will have been a very happy time for them.

Thimble Club Met
Mrs. J. W. Broomfield was hostess Thursday afternoon to the ladies of the Neighborhood Thimble Club, her West Maybury street home being thrown open for their reception. Much of the time, however, was spent out of doors under the shade of the spreading trees on the lawn. Cooling refreshments were served by the hostess.

Thursday, Sept. 25, is the date for the next meeting of the ladies. Those who were entertained by Mrs. Broomfield yesterday were Mrs. C. Davis, Mrs. W. C. Hoefler, Mrs. Charles Roemer, Mrs. Roy Pollock, Mrs. Chandler, Mrs. C. B. Pulver, Mrs. A. Campbell and her mother, Mrs. Bailey; Mrs. O. A. Turner and the hostess, Mrs. Broomfield.

Picknicked at Laguna Beach

A MERRY EVENT

Household Shower for Newly Weds Surprised Mr. and Mrs. Charles Ludt

A merry surprise party and shower was given last night by twenty or more of the Christian Endeavorers of the First Baptist church for the president of the senior society, Charles Ludt, and his bride, nee Miss Irene Waltz of Garden Grove. Mr. and Mrs. Ludt were married about three weeks ago and are cosily settled in a home near the polytechnic high school building, the electric wiring of which is being done under the direction of Mr. Ludt.

The young people assembled at the College of Music and went in a body to the Ludt residence entirely surprising the master and mistress of the home.

A jolly evening was spent, the principal feature being the search by Mr. and Mrs. Ludt for the household articles with which they were showered. The hunt was made along the fashion of "Hunt the Thimble," to a musical accompaniment on the piano, the melody being played crescendo or diminuendo according as the searchers approached or receded from the articles which were hidden in various places throughout the house. Laughing interest in the exciting hunt was sustained at a keen point until all the pretty or useful gifts were found.

Watermelon galore had been taken by the visitors and after the various diversions of the evening had been exhausted, the merry crowd trooped to the pretty lawn where full justice was done to the luscious, juicy summer delicacies. The watermelon feast over, the guests said their good nights coupled with many good wishes for the future of Mr. and Mrs. Ludt.

Pleasant Afternoon
Miss Hazel Rowley, who is giving a series of three informal afternoon parties for her girl friends, was hostess yesterday for the first of the three groups of maids and young matrons whom she will entertain. The hours were spent on the lawn under the shady trees and dainty refreshments were served. The young women sewed on pretty needlework as they chatted in the informal way that comes of long acquaintance and congenial tastes.

The young ladies who were Miss Rowley's guests yesterday included the following: Misses Mildred Mead, Ila Brown, Cara Keech, Mary Collins, Edith Tidball, Marguerite West, Nell Marie Remsberg, Olive Hutchinson, Alta Kenyon, Helen Austin, Caroline Houghton, Helen Wells, Faith Shaw, Josephine McCrory, Edna Beatty, Doris Robbins, Florence Crozier, Louise Montgomery, Mesdames Victor Hawk, Bert Edmiston, Louis Heffner, Clarence Tedford.

ANNOUNCEMENT

IN HARMONY WITH NATURE

Will G. Richmond, Inglewood, Calif., says he will be glad to answer any inquiries regarding the benefit he had from using Foley's Honey and Tar Compound. "It has also greatly benefited me for bronchial trouble and cough, and acts so well in harmony with nature, it is more like a food than a medicine," Rowley Drug Co., and White Cross Drug Co.—Advertisement.

"BEET HARVESTER IS BEING BUILT HERE"

The above is the wording on a big banner over the entrance to Frank Thompson's Machine Shop, 902 East Fourth street, near the railroad tracks. It means that Mr. Thompson is building for M. H. Spere a complete beet harvester of Mr. Spere's patent, and that beet growers and all others interested are invited to call and see the machine.

TO THE PUBLIC

I have purchased the Central Auto Repair & Machine Co. of Messrs. Cubbon & Rogers. Said garage will hereafter be known as the Central Garage Co. It will be our aim to serve the public as well as did Cubbon & Rogers, and if possible better. We are prepared to do any and all kinds of repairing and machine work, including gear cutting. We solicit the patronage of all, but more especially those who desire the best.

Yours for business,

Personals

The report that J. S. Talcott is critically ill proved to be unfounded, as Mr. Talcott is enjoying his usual health, a fact that his friends will be glad to know.

Rev. and Mrs. W. L. C. Samson were all day guests yesterday of Mrs. Sarah Walker, mother of Mrs. John McFadden, at Newport Beach. They were most pleasantly entertained.

Misses Mary and Nina Andrews, daughters of Mr. and Mrs. P. C. Andrews, are expected home this evening from a two months' travel extending to the Atlantic seaboard. They made the trip east via the Canadian Pacific, visiting Canadian cities, the Thousand Islands of the St. Lawrence and Niagara Falls. They also visited the great cities of the Atlantic coast, including Boston, New York and Washington. The return trip was made by the Southern route and included a stop at the Grand Canyon of the Colorado.

Mrs. Ralph A. Grover and daughter, Marian, from Oakland, and Mr. and Mrs. Frank J. White and daughter, of Los Angeles, are visiting their mother, Mrs. Annie M. Baker, of East Sixth street.

Mr. and Mrs. Lee Draper of Smelter have come to Santa Ana to reside. Miss Margaret Lord of Alhambra is the guest of Misses Lucy and Nellie Hill. Miss Lord came down from Alhambra last evening with Misses Viola and Nellie Hill, who spent Friday at the Lord home.

Mrs. Helen Fire and her mother, Mrs. B. J. Smith, returned yesterday from a week's visit with friends and relatives in Los Angeles.

J. C. Thomas of Spurgeon street is reported to be a very sick man, his recovery being uncertain.

Huntington Beach News: Mr. and Mrs. E. H. Darling, long residents of this city but now of Santa Ana, were here during the week on their return from an extended trip over the country. They went as far as Boston.

Miss Fannie Pease came home last evening from Catalina, where she had gone for a stay of some time but where she was taken suddenly ill and obliged to return to Santa Ana.

Mrs. Charles Hamaker returned last evening from Venice, where she has been spending a week in company with her daughter, Miss Edna Hamaker, and Miss Claire Stennett. Miss Edna stopped over in Los Angeles.

Miss Gertrude Kanawyer of Santa Ana spent several days at Huntington Beach this week as the guest of Miss Annie Hill.

Mr. and Mrs. W. L. James are spending this week at their ranch at Smelter.

Will and Ben Jerome and their families and Mrs. Warling went to Laguna Beach today for a stay of several days. Yesterday Mr. and Mrs. J. W. Babbitt, Mr. and Mrs. Lloyd Babbitt, Mr. and Mrs. Joseph Babbitt and Miss Stevens motored to San Jacinto, where Mr. Babbitt went to look at some land.

Mrs. J. Nordstrom, mother of Mrs. A. W. Shake, is spending a few days with her daughter. Weller N. Liebler of Los Angeles came down from that city this evening to join his wife who is visiting at the home of her parents on West seventeenth street. Mr. Liebler will spend Sunday here.

Mrs. Russell Scott, who has been enjoying a few weeks' visit in San Francisco and vicinity, is expected home tomorrow.

J. A. Clark, an attorney of Tekamah, Neb., is visiting his brother, Dr. J. I. Clark, city health officer of Santa Ana. Miss Margaret bouler of Los Angeles is spending a few days with Mr. and Mrs. Shake.

Mrs. Samuel W. Nau and Miss Converse Nau leave on Sunday for a stay of several weeks in San Francisco. C. M. Pierce and wife, of Hollywood, were over Sunday guests of Mr. and Mrs. D. W. McDannald of 510 East Second street.

DROWNED MAN IS BELIEVED TO BE P. J. ARCHER OF S. P.

SANTA MONICA, Aug. 30.—Southern Pacific officials have identified the dead body found on the beach here as that of P. J. Archer, the Arizona railroad man, identifying him through the number on his watch.

Archer Disappeared Yesterday
SANTA MONICA, Aug. 30.—A body which is believed may be that of P. J. Archer, the Southern Pacific paymaster of Tucson and Phoenix, who disappeared here yesterday, was washed ashore today. The description of the body answers that of Archer. Southern Pacific officials and Mrs. Archer have been notified and have started to the beach in an attempt to identify the body.

\$25,000 FOR 10-ACRE RANCH
POMONA, Aug. 30.—J. D. Romig of San Dimas has sold his fine ten-acre orange grove to W. T. Pope, a newcomer from Honolulu. Mr. Pope started out about the first of July and spent several days of each week driving over the country, finally settling upon the Pomona valley. The total consideration in the deal was \$26,000.

CLASSIC FUTURITY REVIVED IN NEW YORK

SARATOGA, Aug. 30.—Twenty of the finest race horses in America faced the barrier today in the revival of the Futurity, America's great racing classic. It was the first time since 1910 when racing in New York was killed by the anti-betting laws, that the Futurity has been run. This year's renewal will be worth \$13,700 to the winner. Belmont, J. H. Camden, Alex. Smith Cochrane, R. T. Wilson, Jr., and Harry Payne Whitney are represented. Some of the eligibles for the event were Defendum, Flitaway and Stromboli; Imperator, son of Peter Quince; Scrapper, Early Rose, Pennant, by Peter Pan, and Royal Rose. Vater, Harpsichord, Northern and Prairie were eligibles.

George Bradford, living at Riverside Hotel, Los Angeles, reports that he had a very severe case of kidney trouble and backache, which also affected the secretions. He says, "I took five boxes of Foley Kidney Pills and they cured me." All over California people report that Foley Kidney Pills "cure." Rowley Drug Co., and White Cross Drug Co.—Advertisement.

FULLERTON BOYS WORK FOR PLUNGE

Fullerton News: Wednesday afternoon about twenty-five or thirty boys, ranging from eight to fourteen years of age, met on the lawn of the Midland Hotel and formed in line for parade. With drums beating and inscriptive banners intermingled with the parade, bearing such inscriptions as follows: "Remember the Old Swimming Hole, Let Us Make One in Fullerton." "Some Can Go to the Peaches, Others Cannot: Patronize Home Industry." "We Want a Swimming Hole." The boys paraded the principal streets of the city and created a lively interest and considerable talk.

A mass meeting had been arranged for Wednesday evening at the Presbyterian Church, to discuss the question of a swimming hole. Speeches were made by Rev. Statom, Rev. Brown, Prof. Donaldson, Prof. Brunton, W. T. Brown, E. W. Dean and Claud Lacoek.

A petition will be circulated for signatures, after which the same will be presented to the city council for its approval.

A committee consisting of Rev. Statom as chairman; E. W. Dean, Prof. Brunton, Claud Lacoek, Rev. Bruce Brown, Lee Potter, E. E. Bacon, Rev. Father Gallagher, Rev. Whiteside, J. A. Windle, J. A. Parker and E. K. Benchley, was named to plan the campaign.

Rev. Statom said he would guarantee to get 100 men and 50 boys who would donate one day's work on the swimming pool, which would save almost enough to do the entire work. It is generally known that the place selected for the purpose will be the basement of the old high school on West Commonwealth, this property belonging to the city.

FOUR FAILED TO GO TO CITY RECORDER

Crossings Officer Gilbert is busy educating automobilists into the provisions of the new city ordinance that makes it unlawful for an automobile to stand still for more than three minutes in any one spot within certain distances of the corner of Fourth and Main streets. Once in awhile he leaves his patch of asphalt on the geographical center of the intersection to warn an ignorant automobilist. Once in awhile the automobilist gets away and when he returns he finds a blue tag on the wheel. The tag tells him to go to the city recorder. So far twenty-five have been tagged, and twenty-one have gone to the city hall, and there been warned by City Recorder Wilson never to do it again. They all promised. Four out of the twenty-five have ignored the tag. The numbers of the machines owned by the delinquent four are 58,194; 75,064; 23,735; 62,661. Warrants may be issued for the owners, whose names can be obtained on the state license books at police headquarters.

LOS ANGELES PRODUCE MARKET

Tomatoes have been going up during the week on account of the difficulty of obtaining fine lettuce, because of the tomato crop itself. This has been an exceptionally bad year for tomatoes, for some reason. Much of the tomato crop has been small and insignificant in its fruitage. Then, too, worms have been a blight which has destroyed thousands of dollars worth of vines. The result has been a fair price for the vegetable throughout the season. The semi-ripe fancy packing stock used for distant shipment is selling for 50 to 65 cents a lug box. Very ordinary vegetable is worth as low as 25 cents. Cucumbers have gone to 50 cents a box on good stock, and lettuce is worth \$1 per crate when it measures up to standard.

Brussels sprouts are among the latest importations from the central part of the state. They are bringing 12½ cents a pound, and are in fair demand. Artichokes have advanced and there has been a noticeable depreciation in quality of the northern French artichokes arriving this week. The best are selling at \$1.50 per dozen, while from there range down to 75 cents. Cauliflower is also beginning to show up in marketable quantity from the North, and is bringing a good figure, \$1.50 per dozen. A large shipment of northern cabbage was reported in and sold at 2½ cents a pound.

On the fruit market there were few changes. The price on nectarines was up to \$1.25 per box. This fruit is exhausted as far as production goes but will remain on the market for several weeks, a large quantity having been placed in cold storage. Bartlett pears are not extra fancy this year, and the best are selling at \$1.65 packed.

The quotation on butter was lower again, owing to the heavy receipts of the week, and a desire on the part of the dealer to sell as much as possible without rushing it into storage. The price on sales among the jobbers on creamery extra was down to 29 cents, which was practically 3 cents lower than the quoted prices of the San Francisco market. Receipts of the commodity were only 15,684 pounds probably the lightest of the week.

Egg receipts were 157 cases, and there was no activity in the market on this stock.

Makes Buildings 30 Degrees Cooler

On a hot summer day the temperature in the upper part of a building covered with J-M Asbestos Ready Roofing is from 15 to 30 degrees cooler than with any other roofing. The white asbestos surface reflects the heat instead of absorbing it and transmitting it to the rooms below.

This is only one of the exclusive features of

J-M ASBESTOS ROOFING

Besides making a building cooler in summer and warmer in winter, it is the only ready roofing that never needs painting. J-M Asbestos is also the only ready roofing that is fire-proof.

BREAKS BONE QUELLING MAN

Under Sheriff Has Right Hand Injured When Gideon Meyers Attacked Him

Young Man from Escondido Arrested for Giving Liquor to E. W. Poole's Son

In a tussle with a drink-crazed man, who was trying to escape from custody, Under Sheriff Law had a bone of his little finger broken. The affair occurred at Huntington Beach. Gideon Meyers, w. known in Santa Ana and Huntington Beach, is the man who attacked Law.

Meyers was recently released from the insane asylum at Patton, where he was sent as a habitual inebriate. His stay at the asylum failed to cure him. Yesterday he went on a rampage at Huntington Beach, and City Marshal Vincent locked him up. As the lock-up at the beach city is hardly fit for a man to stay in for any length of time, Under Sheriff Law and Deputy Dean were called to take Meyers to the county jail at Santa Ana.

When he was taken from jail, Meyers seemed to be peaceable enough. He got into the back seat of the automobile, and Law took a seat at the wheel. Dean, who was to sit with Meyers, stepped to the front of the machine to crank it.

Suddenly Meyers got over his peaceable mood, and in the darkness and scuffle to control the man, Law's finger was broken.

Meyers received a suspended sentence of thirty days and says he will go to a son in New York.

Free With Liquor

Ed. Slaff, aged 21, of Escondido, was arrested last evening by Constable Jackson on a charge of giving intoxicating liquor to Fred Poole, aged 17, son of E. W. Poole, who lives on West Fifth street. The arrest was the culmination of a series of attempts on the part of Poole to keep his two boys away from Slaff's influence. The family formerly lived at Escondido. Poole found that Slaff was getting liquor and giving it to his boys. Poole moved to Santa Ana. Slaff came here two or three times, and his conduct did not improve. Yesterday he arrived from Los Angeles, where he was a witness in a land case, and Poole learned that he had arranged to have Fred go to Escondido with him today.

This is the story told by Poole to District Attorney West. When Jackson arrested Slaff, Slaff showed evidences of having been drinking. Slaff pleaded not guilty to the charge and Justice Cox set the case for trial on Sept. 12, and the bond at \$200. Slaff was taken back to jail.

Insanitation Case

A. K. Pettit has sworn to a complaint against Adolph Plegel, charging that Plegel has thrown manure into the water or close enough to the water of a ditch in the Golden State tract so that the water has become polluted. The tract lies east of Anaheim near the Santa Ana river.

Stories Conflict

Conception Lujan and her daughter-in-law, Maria Carmona, do not tell the same story of a family row celebrated

at Delhi yesterday. Mrs. Lujan is out on \$50 bail. The case will be tried next week.

Suit Your Shoes

In the Fashion Department of the September Woman's Home Companion, Edith M. Weidenfeld, writing about "The Shoes to Suit the Costume," says in part:

"Shoes are no longer just shoes bought for the purpose of utility. Today they are the correct finishing note of a perfectly chosen outfit. They are not only selected because of their style but because of their special appropriateness to the costume. This is particularly emphasized in footwear for evening. The slipper that matches the costume is in higher favor than it has been, supplanting many times the black satin or patent leather model.

"Fabrics will be much used by shoe manufacturers this season, but in evening slippers there is some rivalry between kid and satin, the former being perhaps more popular than the latter. Kid slippers in all colors with beaded trimmings are in great favor, and with the kid slipper as a fashion leader bronze has again come into prominence. As a special novelty the bronze slipper is trimmed with strips of patent leather combined with bronze beads. It has the Louis XV. heel, and the high tongue which is a feature of this fall's models. Slippers are ornamented with beads, rhinestone buckles and jeweled buckles, heels and ankle clasps."

AT THE COURTHOUSE

ON PROBATION THREE YEARS

Foolish Young Man Has a Chance—He Must Get a Job and Keep at Work

Glenn L. Raine has a chance to make good. If he falls down, he will court an acquaintance with the clanging gates of San Quentin.

Raine was in court yesterday with his aged grandfather, J. B. Raine, who swore to the complaint that brought Raine, aged 26, before Judge Schenck. Raine was charged with raising a \$1 check, given him by his grandfather, to \$10. The young fellow's misdoings had brought him considerable trouble in the past. His grandfather thought it was time to bring Glenn up with a jolt.

Judge Schenck concluded to give Glenn a chance, and the probation order, to hold for three years, was entered. Raine promised to behave himself, refrain from drinking, and keep steadily employed. The officers are not disposed to overlook any further escapades that Raine may take part in, should he fail to keep his probation.

Divorce Cases

Yesterday Judge Schenck signed a final decree of divorce in favor of Thomas Bond against Ethel C. Bond. C. R. Allen represented the plaintiff.

An interlocutory decree was given Leora Harris of Santa Ana against Harry Harris, formerly a cigar dealer of Santa Ana, now of Anaheim. Mrs. Harris was represented by Attorney Clyde Bishop. Interlocutory decrees were given Alice Edstrom against Albert Edstrom, H. C. Head being attorney for the plaintiff, and B. P. Ehrlick against Lorice C. Ehrlick, W. A. Martin of Los Angeles being attorney for the plaintiff.

Adoption Orders

Judge Schenck granted adoption in two cases. Belle J. Walker adopted a 10-year-old boy taken by her from the Children's Home Society of California. The boy's name hereafter will be Samuel James Walker. J. B. Wine and wife adopted a child whose name was changed to Paul Glendon Wine. The boy also came from the society.

Wanted Hearing

Jack Crotty, charged with being a habitual inebriate, yesterday demanded a hearing, and his case was set over until next Friday.

Asks Appointment

G. D. Lillie of Garden Grove has filed with the county clerk an application for appointment as superintendent of the county farm at West Orange. So far as can be learned here, there is no likelihood that E. A. Chaffee, present superintendent, will resign or be fired, and if Lillie's application is at all timely it does not appear on the surface of things political.

Inspector's Report

The monthly report of Bee Inspector Pleasants was received today. Two stands of foul brood found in R. K. Bishop's apiary and four in E. A. Honey's apiary were destroyed.

Marriage License

Franklin Willie King, 61, and Catherine Dyke, 51, both of Artesia; William B. Park, Jr., 25, of Calexico, and Helen R. Cory, 23, of Orange.

Mothers! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and nervous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates the liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended.
